HIGH-LEVEL POLITICAL FORUM ON SUSTAINABLE DEVELOPMENT

Invest in SDG 4.7

To unleash the transformative power of education

This side event sponsored by Salesian Missions, addresses the critical need for a holistic education focused on target 7 of SDG 4. Even though we are yet to achieve the various targets under Goal 4, considerable progress has been made in this regard. This has not resulted in a more equal world despite the fact education has always been seen as a great leveler. Globally inequality has continued to grow. What can make education truly transformative are the aspirational goals set out in target 4.7. As the Global Community prepares itself for the Transforming Education Summit in September 2022, the real challenge before us will be making Education Transformative.
